Strengthening the Bond Between You and Your Child:

KurzbeschreibungThe Power of Mother Love highlights the incredible--although sometimes unrealized--influence that a mother has on her children and her society. Decades of scientific and psychological study provide overwhelming evidence for the idea that "mother love" has an enormous, permanent impact in shaping the character and life of a child. In her compelling new work, psychologist Brenda Hunter presents a convincing argument that indicates this love is even more powerful, even more far-reaching than our culture has yet realized, not only for the child, but for the mother and society as a whole. Affirming the immeasurable value of the mothering role while realistically addressing women's greatest questions and concerns, Hunter clearly reveals how mother love positively affects the way a woman defines herself. All mothers, and all those who care about the lives of women, children, and the future of our society will be dramatically impacted by this not-to-be-missed book, skillfully written to empower women to mother from the heart.
