Von John Kendrick Bangs : The Pursuit of the House-Boat (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Pursuit of the House-Boat (English Edition):

Too many typos Von Thomas Rau The book itself is good enough; and nobody is likely to read this without having read the first part anyway. I am happy that digital printing has made cheap versions of out-of-print books possible. Still, this is too cheap. Annoying typos (unlike the current, and free, Gutenberg version), no illustrations (again, unlike

Gutenberg). You'd better read the book as a text file on your computer or even print it out yourself.
