Kurzbeschreibung'Read! Your Lord is the Most Bountiful one who taught by the pen, who taught man what he did not know.'The Qur'an, believed by Muslims to be the word of God, was revealed to the Prophet Muhammad 1400 years ago. It is the supreme authority in Islam and the living source of all Islamic teaching; it is a sacred text and a book of guidance, that sets out the creed, rituals, ethics, and laws of the Islamic religion. It has been one of the most influential books in the history of literature. Recognized as the greatest literary masterpiece in Arabic, it has nevertheless remained difficult tounderstand in its English translations. This new translation is written in a contemporary idiom that remains faithful to the original, making it easy to read while retaining its powers of eloquence. Archaisms and cryptic language are avoided, and the Arabic meaning preserved by respecting the context of thediscourse. The message of the Qur'an was directly addressed to all people regardless of class, gender, or age, and this translation is equally accessible to everyone.ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.Pressestimmen"Haleem has managed to transform the complex grammar and structure of the holy book into a form of modern English which reads easily and flows smoothly without taking liberties with the inviolable text. This turns the Qur'an into a book which allows English-speakers to peer further into the heart of Islam, from its basic precepts on, say, fasting, to its view of the after-life. This is crucial, not just for the growing majority of Muslims who do not speak Arabic as a first language, but for non-Muslims who are curious about this controversial religion.... Given the tension between Islam and the West, that is a blessing."--The EconomistPressestimmenHaleem knows the text by heart. His intimacy with it shows in the brevity and intuitive intelligence of his solutions. Tim Winter, Times Literary Supplement
