The Real Easter BunnyVon Ein KundeThe story told in this children's book will become the story told at Easter as to how the Easter Bunny and the true meaning of Easter are now one. I purchased this book for my grandchildren. I have read many children's book but none compare to this book. I am an artist and the illustrations are beautiful. Each picture looks like the original oil painting. In fact I had to touch the page to make sure it was not canvas. The story is beautiful and gives children and adults a story they will never forget. When I received my book, I could not believe the quality of the book. It truly is a coffee table book. In my family, this book will be passed down to other generations. It truly is a classic. I cannot recommend it enough to all families.0 von 0 Kunden fanden die folgende Rezension hilfreich. A Blessing in DisguiseVon Ein KundeWhen I purchased this book for my child, I never dreamed that I had purchased such a wonderful treasure. What a wonderful book. It helped give my child a reminder that no matter where she is or where she will be in the future someone is there who loves her. When I read the book, I also had tears of joy for such a wonderful story. Don't miss this book. It's story is so appealing. It gives your child an understanding of Easter. It also has a audio tape that comes free with the book. The authors of this book have told a story that will go with your child to adulthood. It truly is a classic .0 von 0 Kunden fanden die folgende Rezension hilfreich. A great story of loyalty, compassion and family ties.Von Ein KundeMy first impression was what a lovely book! Then to discover that the story led me into another one with which I was very familiar and loved. I felt comfortable with this and was able, through the small rabbit, to become a part of the story. I also found that the rabbit family exhibited strength in their loyalty to one another. In this time of broken families becoming more the norm, I loved enforcing family bonds to my grandchildren through this delightful and beautiful story. Both the story and the lovely paintings will be enjoyed in our

home for years to come!
