Von Robert Tressell : The Ragged Trousered Philanthropists (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ragged Trousered Philanthropists (English Edition):

Fascinating and informative read Von Sean Dale Thoroughly enjoyed the book and its portrayal of the period it invokes is fascinating and depressing. Putting aside the politics and obvious parallels to society today the narrative can be

enjoyed for its own sake. That said it is explicitly a politically motivated work and dishes out harsh criticism of the system of the time. The arguments and idea of the author channelled through the main protagonist are clearly and coherently made. Could perhaps be a little less black and white in its conclusions, but then it would probably be less entertaining. Thoroughly recommended. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice story ... Von Harald... but a bit too one sided. Clearly, those workers and families have had a hard time. BUT, we also have to see that their misery largely was founded on wanting more than they could afford, on entering a vicious cycle of high interest debt where they could not easily escape anymore. 0 von 3 Kunden fanden die folgende Rezension hilfreich. Uns geht's wirklich gut! Von Richard Seaman Wer dieses Buch liest hrt unweigerlich auf mit der blichen Meckerei. Die meisten von uns sind schon unzufrieden wenn wir kein neues auto uns leisten knnen. Als dieses Buch geschrieben wurde, war man froh wenn man berhaupt was zu essen hatte.

Alan Sillitoe 'Some books seem to batter their way to immortality against all the odds, by sheer brute artistic strength, and high up in this curious and honourable company must be counted The Ragged Trousered Philanthropists. Robert Tressell's unfailing humour mixes with an unfailing rage and the two together make a truly Swiftian impact.' Evening Standard Robert Tressell has complete familiarity with the idiom of his characters. His language is bizarre, vital, highly inventive and precisely heard - it is a complete and living archaeology of the speech of a particular human group. A brilliant and very funny book.'
