A biased, but interesting book about the rapture.Von Dr. Marc AxelrodWalvoord does a good job of defending the pretribulation rapture position. But he is forced to admit that the doctrine of the pretribulation rapture is more of an inference based on dispensational ecclesiology than on exegetical considerations. Having said that, Walvoord does try

mightily to defend the exegetical basis of pretribulationism. He seems to gear much of his argument against Robert Gundry's well written 1973 posttribulation book, "The Church and the Tribulation," and this dates Walvoord's book a little. But it's still a good read. He concludes by presenting 50 arguments for pretribulationism, which he himself admits is formidable only because of the sheer number of arguments and not due to any one powerful argument. At any rate, he's done the best he could with an exegetically weak doctrine. I personally would place the coming of Christ for his church right after the opening of the sixth seal of Revelation (Matthew 24:29-31; Revelation 6:12-17). But if you are researching the rapture positions and are still trying to make up your mind, I'd pick this book up over most other pretribulation books. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A Pre-Tribulationist Classic Von Ein Kunde This book is the most extensive pre-trib treatment available regarding the issues surrounding the timing of the rapture of the church as described in I Thess. 4. Walvoord is thorough, charitable, and persuasive. This expanded edition includes direct responses to the novel dispensational post-trib position of Robert Gundry. The author does not dodge Gundry's issues, but answers them in point-by-point fashion (while raising some formidable issues of his own against Gundry's assertions). If you've read Gundry, and find yourself swayed by his arguments in favor of a post-trib rapture, then you owe it to yourself to read this book before making any decision on the matter. Hear what BOTH sides have to say. You may be quite surprised at the veracity of pre-tribulationism in the able hand of Walvoord. I highly recommend the book.

Kurzbeschreibung Now completely revised and enlarged, using quotations from the New International Version -- John F. Walvoord's classic work on the Rapture! The Rapture Question examines the four views of the church's role in the tribulation: Partial Rapture, Pretribulationism, Midtribulationism, and Posttribulationism, with the revised edition particularly discussing the current debate between pretribulationism and posttribulationism. In updating his work, the author also added treatments on the Rapture in the Gospels, in 1 Thessalonians 4, in 1 Thessalonians 5, in 2 Thessalonians, in 1 Corinthians, and in Revelation. A bibliography of current literature plus general and Scripture indexes are included.
