Von Robert Stewart : The Reliability of the New Testament: Bart Ehrman and Daniel Wallace in Dialogue before purchasing it in order to gage whether or not it would be worth my time, and all praised The Reliability of the New Testament: Bart Ehrman and Daniel Wallace in Dialogue:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Soweit

gutVon EricInteressantes Buch soweit. Der Titel ist zwar ein wenig irreführend, da der Dialoge zwischen Ehrman und Wallace nur rund ein paar Seiten stattfindet. Darauf folgen Artikel von mehreren Neutestamentliche Gelehrten mit den verschiedensten Themen zu Zuverlässigkeit des NT. Geht in Ordnung.

KurzbeschreibungThis volume highlights points of agreement and disagreement between two leading scholars on the subject of the textual reliability of the New Testament: Bart Ehrman, James A. Gray Distinguished Professor at the University of North Carolina at Chapel Hill and author of the best-selling book *Misquoting Jesus: The Story Behind Who Changed the Bible and Why*, and Daniel Wallace, Professor of New Testament Studies at Dallas Theological Seminary and Executive Director of the Center for the Study of New Testament Manuscripts. This conversation between Ehrman and Wallace allows the reader to see in print how each presents his position in light of the other's. Contributions follow from an interdisciplinary team featuring specialists in biblical studies, philosophy, and theology. The textual reliability of the New Testament is logically prior to its interpretation and thus important for the Christian religion. This book provides interested readers a fair and balanced case for both sides and allows them to decide for themselves: What does it mean for a text to be textually reliable? How reliable is the New Testament? How reliable is reliable enough?
