KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The journey is the destination.Von Antje NehlsThis book not only describes the idea of travelling in an unconventional way, it also provides you with a lot of practical information on the art of hitchhiking. It definitely motivates you to think about why travelling has little to do with having a big budget and that changed plans often lead to something beautiful you wouldn't have found otherwise. What's holding you back from starting an incredible journey after reading this guide? Nothing actually. What a powerful realisation. I enjoyed reading this remarkably entertaining book and feel the strong urge to buy a backpack now....!
