Great Lists, but many out-of-date resources Von Ein Kunde While I like the format, content, and applicability of the MANY lists included in this book, when searching for various sources listed as "additional information" I found many of the Online URLs don't work or have changed and books are not available or are out-of-print. Although this is a useful resource material, I'd like to see the "additional information" sources updated, then it would be one of the best resources I've found. 0 von 0 Kunden fanden die folgende Rezension hilfreich.
