**Von Jane Roberts : The Seth Material (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Seth Material (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen20 von 21 Kunden fanden die folgende Rezension hilfreich. Der Seth-berblick. Seth aus der Sicht von Jane Roberts.Von Markus SchmidtJane Roberts begann in den 60er Jahren nach einigen medialen Experimenten (die als Recherche zu einer Buchidee bzgl. Hellsehen, bersinnlichkeit usw. gedacht waren) selbst als Medium fr eine Persnlichkeit/ein Wesen zu sprechen, das sich im Verlauf der Sitzungen dann selbst Seth nannte. Aus den Versuchen wurden Sessions, die ber Jahrzehnte hinweg bis zu Jane Roberts Tod durchgefhrht und

von Ihrem Mann Robert Butts stenographiert wurden. Nach ca. 7 Jahren begann Seth in den Sessions Bücher zu diktieren und eine Weltsicht/Philosophie darzulegen, die unbestreitbar zum Hochkartigsten gehört, was diesbezüglich zu finden ist, und die viele andere Buchautoren aus den 70er bis 90er Jahren inspiriert hat (Jane Roberts ist in vielen Literaturangaben von Klassikern der Lebensgestaltung, Esoterik und alternativer Philosophie zu finden). Das vorliegende Buch entstand kurz bevor Seth unter dem Titel "Gespräche mit Seth" selbst anfangen vollständige Bücher zu diktieren. Vorher bestanden die Sessions aus einem wilden Themenmix, der von privaten Dingen der Familie Roberts/Butts bis zu philosophischen Erklärungen rund um die zentralen Seth-These reichten, nämlich da jeder seine Realität absolut und vollständig selbst erschafft. Jane Roberts beschreibt wie es zu den Sessions kam, und bietet einen guten Überblick über das von Seth bis dahin erklärte Weltbild und unterlegt diesen Überblick mit vielen Auszügen aus den früheren Seth Sessions (die übrigens inzwischen unter dem Namen "The Early Sessions" in 9 Bänden veröffentlicht sind und unter "Die frühen Sitzungen" nun auch nach und nach in deutsch erscheinen). Die Themen erstrecken sich dabei von einer Beschreibung von frühen Hellsehexperimenten mit Seth, über philosophisch/religiöse kompakte Überblicke über Reinkarnation, das Prinzip der physischen Welt, der Beziehung von Träumen und Realität, Götter und Göttesmythen (mit der Sethschen Version der Schöpfung), usw. Empfehlung: Guter Einstieg um einen Überblick zum Thema Seth/Jane Roberts zu bekommen. Allerdings bei weitem nicht so schlüssig und überzeugend wie "Gespräche mit Seth" und nicht annähernd so praxisbezogen wie "Die Natur der persönlichen Realität". Ideal ist das Buch wahrscheinlich um es als nächstes nach einem oder beiden der o.g. zu lesen. Wenn das Buch anspricht, für den könnten auch die "Early Sessions" bzw. "Die frühen Sitzungen" interessant sein, auf denen "Das Seth Material" ansich basiert. 13 von 13 Kunden fanden die folgende Rezension hilfreich. A doorway Von senjas@island.net I first encountered The Seth Material on a rainy afternoon in the upper level stacks of the Towanda Public Library, in Pennsylvania. Earlier, in a local paper, I had seen a small write-up about a woman in Elmira, New York, who goes into trance and speaks as someone named Seth. "Yeah, right," I remember thinking. Then that day in the library, my hand closed over a volume. I saw the title, shrugged, and checked it out. I had no idea of the ride I was about to embark upon. At age 40, I was not totally unprepared for Seth. I had studied Rosicrucian monographs for nine years and, since my early twenties, had felt a keen interest in metaphysics and philosophy. Yet, I had always had a skepticism about mediums and seances and things ectoplasmic. I began reading. I learned of the coming of Seth into the lives of Jane Roberts, and her husband Robert Butts. It was bemusing to follow the progress of two people who may well have been as skeptical as I. Well, how would you feel if suddenly some personality essence entity entered your body and proceeded to lecture? It's quite one thing to accept it in theory, but if it happened to me, I think it would scare me well-witless. I read on. I got past the mediumship thing and into the meat of the message. When I began to assimilate what Seth was saying, I no longer cared whether Ms. Roberts was getting the information from a disembodied spirit or her goldfish. The material, to me, was electrifying. On one hand, it seemed hauntingly familiar. I found myself saying, "of course, that's how it must be!" And "yes, I seem to remember...." On the other hand, it took me a very long time to read The Seth Material (and every other Seth book). You don't speed read Seth! I would encounter a concept, read the paragraph over and over until I thought I understood it. Yet there was always a nagging feeling that I didn't, not completely, and I kept doing a Scarlett O'Hara: I'll think about it tomorrow. All that was nearly thirty years ago. Since then I've purchased all of the Seth books and have read them many times. I will, as long as I continue to have a pulse, read them many times more. I once wrote to Robert Butts and told him that the Seth books were my easy answer to the question, what books would I take if shipwrecked. I only partially joke when I say they keep rewriting themselves between readings, offering more and more information as I become capable of comprehending it. Has all this changed my life? Indeed! Once begun, the material became an inevitable path of study. It challenged, and often stripped away, many of my most ingrained beliefs, and expanded my consciousness so that my view of the world is forever altered. Did the Seth books offer a magic solution to all my problems? Of course not! Have they offered new insights on how to deal with them? Absolutely-but more as a by-product of what I consider to be the most fascinating, absorbing, and stimulating information on the nature of everything. I find Seth to be fun. Like an early, beloved schoolteacher whose influence persists throughout our lives, Seth speaks with humor, compassion and patience. Seth is not a cult. Seth is not a religion. Seth does not proselytize. Seth teaches. If you start with The Seth Material-and I do recommend reading the books in the order in which they were written-there are more than a dozen more, each superb. If I were asked to give a one-sentence description of all of Seth's material, I would quote my son who was brought up on it: "It's the highest distillation of common sense." 5 von 5 Kunden fanden die folgende Rezension hilfreich. How it works, the non-physical reality we participate in Von Ein Kunde What has brought me to write this review is the reading of the book "Conversations with God" by Neale Walsh. I read the Seth Material in the early to mid 70's and the chords it struck within my being still resonate today. I have used the lessons learned in this book in my daily life and I am able to love my life because of the understanding I gained from this book. There are lessons to be learned by not only reading this book, but by comprehending the information that is being given on these pages. The lessons mostly concern how you fit into this fabric of life and how you can utilize your own depth of character to propel you towards greatness in your personal life. Actual mechanics of how all of us have come to be here. How and why we CAN change everything in our lives to suit our desires, and why most of us don't. Even the subtle and always overlooked affect of linguistics in

the creation of our physical reality. Information contained within this book is the best it gets as far as detailing all actions and reactions to situations in your life....the only problem is it is very technical. There is no other way to describe this book but a technical manual of cause and affect. This is not stated with any kind of negativity....it is just fact. That is why the reading of " Conversations with God " brought me to write this review. It is virtually the same information in a much more palatable version, more of a Readers Digest version. The issue with either book is, it's easy to miss the message if you are busy concentrating on the messengers. My recommendation is to read both with an open heart and let your heart tell you if the information given forth in these books rings true to you. If they do....then utilize as much as you can in your life as quickly as you can, if they don't.....then maintain your status quo and you have lost nothing!

**Kurzbeschreibung** This classic work in the area of spiritual growth contains spiritual wisdom and practical advice to solve everyday problems, expand consciousness and directly connect with your own greater knowledge and being. It includes a description of the circumstances that led to Jane Roberts speaking for the internationally acclaimed non-physical teacher known as Seth, who has written over 26 books which have been translated into numerous languages and have sold millions of copies throughout the world. This book is a mixture of enlightening excerpts from Seth, selected by topic, and accompanied by explanations from Jane Roberts. Topics covered include: after death and between lives, health and how to heal illness, dreams and out-of-body experiences, reincarnation, the true nature of time, the God concept, the nature of physical reality, the multi-dimensional self, exercises to explore inner reality and connect with the inner self. Jane Roberts' simple and clear explanations, coupled with powerful Seth selections, make this book not only an excellent read for Seth enthusiasts but also the best choice for first-time Seth readers.
