description of one person's spiritual journey
Von Ein Kunde
This book was music to the soul! I look forward to enjoying more works of this author since her work "The Singer and the Song" penetrated mind, heart and soul. As a OTR truck driver I now appreciate the beauty and grace that can be found just by getting in touch with nature, sounds, and silence. 5 stars for Miriam Therese Winter
0 von 0 Kunden fanden die folgende Rezension hilfreich. An inspiration
Von Edith R. Schade
This is a book to read at bed time. Most of the chapters are short and prepare one for good dreams. Miriam Therese Winter's faith, her spirit, her love of people, of God and the natural world make this book an inspiration, even for a Unitarian.

Kurzbeschreibung
Miriam Therese Winter, an award-winning musician and four-time Catholic Book Award-winner, shares her experiences of becoming a Sister, working with starving children in Ethiopia and with refugees in Cambodia, of exploring the mysteries of India and the wonders of God in her own backyard, of having breast cancer and having hope. She also illumines new aspects of community, Eucharist, the word and the spirit, water and the stars, spiritual blessedness and much more. Each chapter is like a short story, complete in itself but revealing new aspects of the authors life and vision. Each one begins with a personal experience and segues into a spiritual lesson that will resonate in your mind and heart. You will come to know Miriam Therese Winter as a friend and in the process understand more about your own life and the purpose that God has for you.
