Von Paul Hammond : The Strangeness of Tragedy before purchasing it in order to gage whether or not it would be worth my time, and all praised The Strangeness of Tragedy:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Barthes "Sur Racine" Von @dottymeat it really reminded me of Barthes' essay, "Sur Racine". Hammond doesn't seem to cite it

anywhere, though. Interesting book anyhow.

Kurzbeschreibung This book reads tragedy as a genre in which the protagonist is estranged from the world around him, and, displaced in time, space, and language, comes to inhabit a milieu which is no longer shared by other characters. This alienation from others also entails a decomposition of the integrity of the individual, which is often seen in tragedy's uncertainty about the protagonists' autonomy: do they act, or do the gods act through them? Where are the boundaries of the self, and the boundaries of the human? After an introductory essay exploring the theatrical and linguistic means by which the protagonist is made to inhabit a strange and singular world, the book devotes essays to plays from classical, renaissance, and neo-classical literature by Aeschylus, Sophocles, Seneca, Shakespeare, and Racine. Close attention is paid to the linguistic strangeness of the texts which is often smoothed over by editors and translators, as it is through the weirdness of tragic language that the deep estrangement of the characters is shown. Accordingly, the Greek, Latin, and French texts are quoted in the originals, with translations added, and attention is paid to textual cruces which illustrate the linguistic and conceptual difficulties of these plays.

Pressestimmen "Hammond...writes clearly and intelligently, making his study both accessible and interesting to a broad audience. Highly recommended." --Choice
