Von Andrey Taranov : Theme-based dictionary British English-Dutch - 9000 words (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Theme-based dictionary British English-Dutch - 9000 words (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good, but beware of missing letters insideVon Anelia KolevaThe delivery was very fast and I am very happy with its content for speed learning the laguage and a broad amount of very useful subjects. There is a slight problem with some

missing letters inside many of the words, so have that in mind when studying, but if you have some basic knowledge of Dutch and if you check the transcription of the words, you can simply fill in a letter or two per page (usually it is the letter "b" missing). It might be a problem of my copy of the book only.
