Ein Rückblick und ein Blick vorwärts mit Stolz Von Christa Diese Lektüre war einer meiner Begleiter in einen längeren Winterurlaub in der Sonne. Die Leichtigkeit des Erzählens des Autor geht stimmungsmäßig auf den Leser über und man ist sofort fasziniert und fühlt sich selbst als Pilot, wenn man sich auf den Erzählstil der ersten Sektion einlässt. Sinngehalt sie auch: "You're the Captain" - total spannend, nicht nur die Technik, sondern auch jede innere Regung des Erzählers kommt zum Ausdruck. Weiterhin beschreibt Eric die zahlreichen verschiedenen Flugzeugtypen und die Schwierigkeit, sie zu beherrschen. Was nicht vergessen werden darf, ist seine große Liebe zu Alaska und wie es dazu kam, dass er diesem Teil der Welt hoffnungslos verfallen ist - grandios. Hier wird die Neugier des Leser auf das für mich dem Autor gelungensten Roman "The Last Bush Pilots" geweckt. Es werden auch Stories von und über andere Piloten-Kollegen neidlos und mit großem Lob veröffentlicht. Alles in allem eine gelungene Unterhaltung für an der Luftfahrt Interessierte jeden Alters.

Kurzbeschreibung "The altimeter spins backwards in a blur, like a mad scientist's time travel clock." So many of you have asked for more of my adventures in the sky, and I've found a cool way to do it! For the first time, here's a collection of aeronautical adventures from such publications as Airways Magazine, NYCAviation.com, Plane Pilot magazine and my blog (capnaux.com). Also included are several unpublished works, guest stories from fellow pilot-authors, photos, links to videos and other gems. Inside you'll find stories all the way back to when my feet first left terra firma in a hang glider as a daring (uh, make that foolish) young teen. From my extreme initiation as a young bush pilot in Alaska to fighting off hurricanes in the Caribbean, to an explosive decompression in a heavy airliner, I invite you to join me in the cockpit on an adventure spanning over three decades! Eric Auxier is a captain with a major U.S. airline, with over 20,000 hours of flying in a career spanning well over three decades. He is the author of the 2013 Top 100 Breakthrough Novel, "The Last Bush Pilots," as well as the Young Adult spy series, "Code Name: Dodger." Mr. Auxier's popular blog, "Adventures of Cap'n Aux" (capnaux.com) is read by thousands worldwide.
